

# Tyler R. Tichelaar

## *Praise for My Marquette*

**T**ICHELAAR'S THOROUGH RESEARCH and dedicated passion to preserve the history shines through in *My Marquette*. His personal mission to preserve the past and bring it into the present is commendable, but what is more so acclaiming is him leaving a legacy for the families of Marquette."

— Irene Watson, ReaderViews

**I**HAVE READ ALL of Tyler R. Tichelaar's books and I have thoroughly enjoyed them. He is truly a master storyteller with the ability to create believable and unforgettable characters....I highly recommend this book to all readers of Tichelaar's books, to all Marquette and Upper Peninsula residents and to history buffs looking to know more about The Queen City of the North through a personalized tour. Marquette residents can be proud that a gifted author—a seventh generation Marquette resident has put their city on a map."

— Laura Fabiani, author of  
*Daughter of Mine*

**W**HEN YOU SEE *My Marquette* on the shelf in the bookstore, you feel compelled to pick it up and thumb through it. Then you'll really want to buy it. This meaty, 405-page book is so much more than just a guidebook of Marquette, Michigan. It is an impressive historical journey through Michigan's Upper Peninsula....you've got to get this book."

— Debbie Glade, author of  
*The Travel Adventures of Lilly P. Badilly: Costa Rica*
